Declaration of the insured person

I have taken note of Art. 3.22.1 of the pension fund regulations. If I should die before reaching retirement age, I appoint the following persons as beneficiaries after my death for the shares as set out below.

Shares can only be split within a beneficiary group:

- a) Children entitled to a pension b) De facto partner/person supported by me c) Children not entitled to a pension
 d) Parents/siblings e) Other legal heirs

Beneficiary group (e.g. children entitled to a pension)	Surname and First name	Year of birth	Share of the lump sum death benefits (in % or in fractions)

With this declaration, I retract all earlier beneficiary changes made. I obligate myself to inform pension fund pro about changes in my marital status and other changes that can influence the entitlement to claims. I acknowledge that for the validity of this special beneficiary order, today's relationships and the regulatory and legal provisions are not authoritative, but rather those at the time of death. Until pension fund pro responds, the regulatory order applies.
